\*This event is 21+

Come enjoy a night of airplane nerdiness with Tajae & Tate as they give a unique seminar on Aerodynamics!

Email [fly@fargojet.com](mailto:fly@fargojet.com) for reservations!

# FLIGHT SCHOOL ADVENTURES

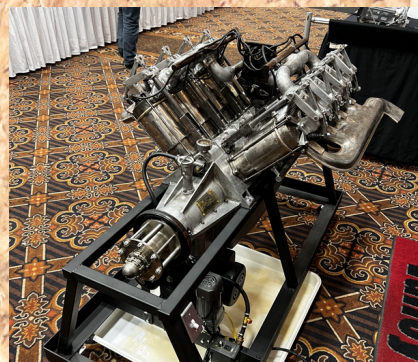

**A handful of flight school instructors and customers had the opportunity to fly to Duluth, MN to catch a glimpse inside the Cirrus Factory. Along with the in-depth tour, they explored new sights while flying over Lake Superior and Split Rock Lighthouse, followed by lunch as a team!**

NORTH DAKOTA  
AVIATION ASSOCIATION  
CONFERENCE SUMMERFEST CAREER EXPO

## TATE & MITCH TAKE ON THE FLY-ND CONFERENCE

The NDAA Fly-ND Conference offers the opportunity to learn more about the aviation community in North Dakota. Attendees are given the chance to network within the aviation world and attend several informational seminars. Tate and Mitchell had the chance to enjoy those benefits, plus they individually created presentations centering around topics they were passionate about. Tate presented on innovations in aircraft safety while Mitchell utilized his engineering background to discuss aircraft design. They played a very important role in providing information to fellow aviators and to the community as a whole!

## A WARM WINTER WELCOME

The flight school welcomed its newest flight instructor, Bo Gullickson, at the end of February! Bo graduated from the University of North Dakota with a B.B.A in Aviation Management. When not in the air, Bo can be found skiing, snowboarding, and spending time with his 13 nieces and nephews.
